

# MODEL - FOLDABLE

Let's face it folding bikes offer a great way to get around. They are fun to ride, offer unsurpassed versatility when travelling and they just look cool!

With this unisex foldable we have taken all the generic qualities of foldables and enhanced them. This model is a sexy, quirky and fun bike equipped with all the right components.

The Shimano 8 speed Claris gears give a fantastic riding experience in almost any terrain. The 5 assist levels make the bike perfectly suited for both a trip through the city as well as a day on the beach and with the possibility to choose battery sizes up to 17.4 Ah this bike has an impressive range of up to 150 km.
