

# MODEL - TREKKING 3

This model is one of the most popular models in the programme. Every aspect of this bike has been thought through down to the smallest detail. Trekking 3 is a super versatile e-bike that can do anything from commuting to getting the rider through hard terrain.

All the components and materials of this bike are made to offer the rider a comfortable and safe ride. Trekking 3 is equipped with 9 speed Shimano Alivio gears, a sturdy rear motor that gives optimal traction in any terrain and Shimano disc brakes which give the rider optimal safety wherever she or he wants to go.

With this bike our designers have taken the best elements from mountain bikes, tourers and racing bikes and built an e-bike which goes above and beyond the requirements of most riders.
